

Resource Directory

Revised on 05/09/2014

For corrections and additions contact Amanda Acheson at 928.679.8853 or send an e-mail to aacheson@coconino.az.gov

This Resource Directory is a resource to provide information to individuals and interested parties on sustainable building practices. Every attempt has been made to ensure accuracy and usefulness of the information herein. However, all information has been voluntarily provided by the participants themselves and has not been audited and is not legally enforceable. Our intent is only to objectively provide information regarding services and practices and do not endorse one over any other. Furthermore, listings should not be considered absolute, as other builders, suppliers, and other qualified professionals may have unintentionally been omitted from this list. Those excluded parties who feel that this has been done in error are strongly encouraged to contact our program.

Please click on the company names to link to their information in the body of the directory.

notes: Custom residential design from conventional to sustainable consultation.

Architectural & Environmental Associates, Inc (AEA)

P.O.Box 16280

Bellemont, AZ 86015

Contact: Drew Ramsey RRMP, RMP

Cell: 928.606.4955

Email: Drew@aeapower.com

Contact: Carl Ramsey AIA, AIHA, LEED-AP

Cell: 928.600.0007

Email: Carl@aeapower.com

Office: 928-214-0005

website: www.aeapower.com

Notes: AEA professionals are certified radon testers and mitigation providers in

accordance with EPA. AEA professionals are also licensed Architects and Contractors: General Contractors (residential and commercial)(AEA no longer offers general construction work, except for radon mitigation, but the experience has proved to be invaluable for the several other services we provide) and licensed Solar Contractors. We have been in business for over 31 years with a staff reaching 100 employees at times with locations in Kansas City, Spokane, and Flagstaff. Our larger size has helped us gain experience in several key environmental, energy related areas, as well as numerous types of Architecture. We offer extensive and varied Asbestos surveys (certified Asbestos inspector for over 25 years) and extensive Indoor Air Quality (IAQ) Investigations (over 25 years). These are in addition to our extensive Solar, Architecture, USGBC LEED Sustainability, and Radon related services. We offer very competitive prices. Even with our extensive and varied experience we are sure you will find our pricing to be some of the most competitive in the profession. We are no longer the larger company, but rather a small company and we give each project individual, professional and friendly attention. ROC# 172093 & ROC# 228336

Architecture Works, Inc.

1550 Abbey Rd South

Clarkdale, AZ 86324

contact: Reynold Radoccia LEED AP

Coconino County Sustainable Building Program

2500 N. Fort Valley Rd, Bldg 1

Flagstaff, AZ 86001

contact: Amanda Acheson

phone: 928.679.8853

email: aacheson@coconino.az.gov

website:

www.coconino.az.gov/sustainablebuilding

notes: The Mission of the Coconino County Sustainable Building Program (CCSBP) is to educate, support, encourage and help develop sustainable building practices and processes for the citizens of Coconino County and the City of Flagstaff. CCSBP

provides free consultation on new and retrofit residential and commercial construction. Upon meeting the minimum requirements of the CCSBP, participants can receive a Sustainable Building Award Plaque. Citizens are encouraged to participate in the Citizens Advisory Council, providing public input for the CCSBP. CCSBP also provides information of sustainable building resources and educational opportunities in and around Flagstaff.
